Press Release (continued)

After the success of the opening night back in November the Friction boys are aiming to improve on their promotion by bringing another world-class act to the town! Nicky Blackmarket is one of the original pioneers of drum and bass, and he is still the most faithful soldier for the scene around the world. His early influences came from his mother's background in the jazz scene, and it is improvisation and variety that characterise his DJ performances throughout his career.

In addition to Nicky Blackmarket, the event is due to showcase performances from friction residents DJ Fibua, DJ Indica and MC Toggz and also guests DJ Mat White, DJ Kutski, MC Crazy D, MC Don Don Funk, and dancers from Ark Angels.

Friction have an amazing summer list of events planned, and would like to express thanks to the people who have helped to put on these events. In addition, the crew would like to welcome the new sponsors "Ouch" situated in Biddicks Court, and Bored Skate Shack of the Market house St Austell. Both sponsors believe in the potential the night has to offer the town and have joined up with Friction to ensure the promotion remains successful. Future Friction fixtures include a March event with legend Ray Keith headlining and a pre-summer party in May with a special guest Miss Represent.

Co-promoters Simon Zeslawski and Kieren Le-Mar say "Puls8 and St Austell are now on the map for drum n bass events, and we have even received a nomination in the south west drum n bass awards. Please visit www.swdnbawards.com to register your vote for the event and also for our resident Fibua who has been nominated in the best DJ section"

Friction runs from 10pm until 2am and costs £5 or £4 with a flyer. Coaches are now running from Truro, Bodmin, Falmouth, Camborne, and Redruth. For your local bus details please contact events travel on 07779232854 for more information.
